HIGH SCHOOL TEAM TO MEET KING CITY

GAME WILL BE PLAYED ON COLLEGE FIELD TOMORROW

TWO REGULARS ARE OUT

Harold Miller and George Aley Will Not Be Able To Play In Tomorrow's Game

"We ought to win" was the only statement Coach Ebert of the Maryville High School football team would make concerning the game tomorrow afternoon with the King City eleven

The game will be played on the College gridiron and will be called at 3:15 o'clock. A large number of season tickets have been sold for the high school games to be played here and a big crowd is expected to attend the opening game here tomorrow afternoon. It will be the first opportunity of the local fans to see their high school team in action this season.

Despite rumors to the contrary, King City has an exceptionally strong team this season and will undoubtedly give the local pigskin chasers a real battle tomorrow afternoon. Reports from King City say that the team has been going through stiff work-outs this week and are in the pink of condition for their battle with the Maryville High School aggregation. A number of local fans have predicted an easy victory and a top-heavy score for the local school in the game tomorrow but present indications are that the King City game will be more evenly fought than many believe.

Two of the regular men, George Aley and Harold Miller, will be out of the line-up tomorrow. Morris Chick and I. Miller will take the place of the injured men tomorrow. The rest of the line-up will be the same as in the Tarkio game last Friday. All of these men are in good condition and have shown up exceedingly well in the work-outs this week. No scrimmage will be held this afternoon, so there is no danger of further injuries before tomorrow afternoon.

The student body of the High School is preparing to show some real pep tomorrow at the game with King City. The band members have made costumes in the High School colors, black and green, and the whole band roster will be out to the game. New yells and songs were practiced at noon today by the student body.

This game will be the sole course on the football menu for local fans this week as the College team goes to Mount Pleasant, Ia., where they will tangle with Iowa Wesleyan eleven Saturday afternoon.

McGovern Is Injured; Run Over by Ford

Accident Happens Near Maryville Drug Co. This Morning—Smith Driver of Car.

Thomas McGovern, 65, sustained several injuries when he was run down about 10 o'clock this morning at Fourth and Main streets by Marion Smith, who was driving a Ford touring car. McGovern was injured about the head, his left hand badly scraped and his right leg bruised.

Smith, with his wife, was driving north on Main street at a moderate rate of speed when McGovern started to go west across the street from the Maryville Drug Co. He was nearly across when he noticed the Ford coming and started to turn back, according to Smith. Smith said he thought he had room to pass by, but when McGovern started back towards the curb he could not stop in time to avoid knocking the man down, the front wheels of the car passing over his leg. McGovern got up and Smith helped him up to Dr. H. S. Rowlett, who dressed his injuries.

McGovern is a single man, about 65 years of age and is porter at the Bainum Hotel.

Tetanus antitoxin was administered by Doctor Rowlett so that there will be no chance for lockjaw to develop. McGovern was doing all right this afternoon.

A report late this afternoon was to the effect that Mr. McGovern was taken to the St. Francis Hospital, due to the fact that a little fever had developed and so the elderly man could have good care.

Mrs. Anna Basford is visiting in St. Joseph for a few weeks with her two sisters, Mrs. L. J. Doran and Mrs. L. J. Drumn.

Too Much Golf

The following story is going the rounds of the business section of Maryville today.

Several months ago, so the story goes, a Maryville business man went to the office of a local doctor for consultation. It seems as if the man was working too hard and the physician advised him to get his mind entirely off his business and take up golf.

About a week ago, this same business man returned to his doctor.

"Do you remember telling me several months ago to get my mind off of business and take up golf? he asked.

"Yes, I remember it quite well," the doctor replied.

"Well, doc, I have come to you again and want you to give me something to take my mind off of golf and get it back on business. My wife says I even yell "fore" in my sleep."

HOUSE MEMBER IS ENGAGED IN FIGHT

FRIEND OF WALTON IS THROWN FROM ROOM TODAY.

TRAPP AWAITS DECISION

Lieutenant Governor Holds Up Official Acts Pending Opinion of Oklahoma Supreme Court.

Oklahoma City, Oct. 25—Representative J. W. Callahan, a Farmer-Labor member of the Oklahoma House of Representatives, was beaten up and thrown bodily from the House chamber this afternoon when he aspersed the character of his fellow members and declared that Grand Dragon Jewett of the Oklahoma Klan dictated to the majority.

Instantly, Representative Jess Pullen leaped upon him, crying, "That's a d—— lie!"

Pullen caught Callahan by the throat and bore him to the floor as a score of enraged members crowded about. They left Callahan to his fate and dragged him to the door, literally throwing him out.

The action was so unexpected that sergeant-at-arms could not reach the scene in time to prevent the conflict.

The members returned to their seats and under the command of Speaker pro tem Harper, the sergeants-at-arms took charge of the members.

Oklahoma City, Oct. 25—By a vote of 77 to 14 for further impeachment charges against Governor J. C. Walton, the House of Representatives this afternoon brought the total number of indictments against the Governor to nine.

The two additional impeachments were on declaring the City of Tulsa and Tulsa County under martial law "when no reason or ground existed therefor."

Contrary to the plan which had been adopted last night to dispense with prolonging debate on impeachment charges, the rule was thrown into the discard when the Ku Klux Klan issue, raised by Governor Walton, was injected in to the debate.

The point was raised by Representative Callahan, Farmer-Laborite, that Governor Walton had authority to declare martial law when, as the Governor contended, "no relief was given by the local authorities."

"The question is not whether or not the Tulsa County authorities were able to punish for these outrages or prevent them, but whether they exercised authority by the Oklahoma constitution in clamping down martial law," W. E. Disney, chairman of the House probing committee explained.

"Martial law was not intended by the framers of our constitution," he continued, "to ever exist in Oklahoma. There was no reason for calling out the national guard.

"It was merely a will-o'-the-wisp idea of the Governor. I am asking the adoption of this article because Governor Walton violated the constitution. It would establish a precedent for the other governors that would be bad. We can handle masked depradations by another means."

M. E. Trapp, lieutenant governor, who was enjoined from taking over the office of governor, following the injunction of Governor Walton yesterday afternoon, today was awaiting the final decision of the Oklahoma Supreme Court.

Quiet in demeanor, almost on the verge of tears, the lieutenant governor expressed his sympathy for Governor Walton.

"I have taken my oath of office as lieutenant governor of Oklahoma," Trapp said this afternoon. "I have been designated as acting-Governor, but I am not now assuming the duties of acting-Governor and I am sure Governor Walton is not. Mr. Walton and I are friends. I have no desire to supplant him or force him out of office, or make his troubles more burdensome."

Kiphart Acquitted; Information Defect

Dr. Curl Announces Kiphart Will Be Held On Wife Abandonment

After the evidence in the case of the State against Harley Kiphart had been introduced by the State, the court sustained a demurrer to the evidence and was compelled to direct the jury to return a verdict of acquittal on account of a defect in the information.

Kiphart was charged with wife and child abandonment and Dr. O. L. Curl, prosecuting attorney, elected to go to trial on the second count of the information, child abandonment. The jury selected was composed of J. F. Roelofson, J. M. George, John Appleby, W. P. Scott, Harry Cowan, Luther Fast, Alvin Robinson, Henry Rowlett, L. O. Reaksecker, A. M. Hazelton, Ed Ward and W. The case went to the jury late yesterday afternoon and the jury was only out a short time.

The cases of the State Highway Commission against S. H. Williams, Ernest Boyer, Grace Woods and Mary Scott, condemnation, are scheduled for trial tomorrow. These defendants filed exceptions to the report of the commissioners who appraised the benefits and damages for road right-of-way of a state highway between Maryville and Burlington Junction. The commissioners in their report filed stated these parties were not damaged on account of the benefits of such a highway. These cases will be tried before a jury.

GERMANY IS TORN BY DISTURBANCES

STRIKES AND RIOTS INFEST RHINE LAND TODAY

REPUBLIC IS SPREADING?

But Berlin Denies Movement Has Gained Headway—Hamburg In Hands Of Strikers

Berlin, Oct. 25—All Germany was torn by Secessionist-Communist strikes and battles in which many were killed and wounded.

London received a report that communists were marching upon Berlin and that troops were being rushed to meet them. Seven persons were killed in a battle at Aachen when police attacked the Separatists. News from Germany indicated that the secessionist movement in the Rhineland had not made any progress, but the French foreign office received word that the Rhineland republic was being extended and solidified.

Disorders broke out in Berlin where crowds were stirred by reports that twenty-eight persons had been shot in riots but news of their deaths had been suppressed.

Berlin, Oct. 25—German communists called a general strike today but immediately afterward issued an order confining it only to the printing trades. Leaders threatened to tie up all newspaper plants.

Demonstrations continued throughout the cities. Fifty persons have been killed in the fighting since Monday. According to figures here this afternoon, eleven police were killed Wednesday and thirty-four wounded.

Port workers at Hamburg are still on strike but the city has quieted down this afternoon.

The communists are reported to have given battle to the Reichswehr.

The German police in Aachen easily captured the town hall. The separatists raised their hands without firing a shot. They wanted to surrender when the Belgians intervened.

Communists at Harburg tried to enforce a general strike. The police brought machine guns into action in an effort to disperese the Red mob. Barbed wire entangelments and barracades were erected in the streets. Police fired upon a mob at Kettbus.

General Von Horn, commander of the Berlin garrison, prohibited strikes by workers engaged in work of public importance. He threatened to use the Reichswehr to break up any strike of men employed in "vital work." In the afternoon, great crowds gathered in the streets where the situation is growing menacing.

Hamburg, Oct. 25—The harbor was completely tied up today by strike. Police continued to clean up Red nests. Disorders took place in Wandbeck, which is near this city.

London, Oct. 25—Seven persons were killed and several wounded during a police attack against the Regency at Aix La Chapelle, said a Brussels dispatch this afternoon. The separatists still held the Regency.

Washington, Oct. 25.—There will be no complete break-up of the German Reich in the opinion of David Lloyd George, war time premier of Great Britain, who is visiting the national capital today.

"I believe that the racial pride of the German people is too great to permit another collapse of national authority," Lloyd George said.

LLOYD GEORGE'S MESSAGE

Mr. Lloyd George, says the St. Louis Post-Dispatch, has disavowed any special mission in coming to America. He wished it understood, before sailing, that he was simply making a friendly call and taking occasion personally to express his gratitude for the great service which the United States rendered his country and civilization at a critical time.

This distinguished visitor, nevertheless, is performing a most important mission in urging a policy of reason, justice and world co-operation as the only means by which Europe can recover from the material and moral devastation of the World War.

In protesting the misuse of might and pleading for justice to the vanquished, not only as a matter of right but as a matter of sound policy, Lloyd George is in his best and logical role. However the exingencies may at times have colored his official acts in his after-the-war premiership he has always been the champion of liberalism. It was his hatred of imperialism, for instance, that prompted the young commoner to risk his political future by joining the opposition to the Boer War. From that same instinctive democracy came the famous budget, a few years later, that rocked tradition and made the "little Welsh attorney" anathema to the beneficiaries of ancient privilege. The liberal opinion of America which has been welcoming Lloyd George with unprecedented demonstration and striking deference recalls those earlier efforts when democracy had not achieved its present repute and when service in its cause often meant misrepresentation and sacrifice.

Though Lloyd George is studiously and properly avoiding any appearance of instructing America as to what she should do in the present crisis, he is effectually doing it, just the same. He insists that Germany should compensate France and other nations for the wrongs done them, to the best of her ability, but he bitterly opposes the subjugation of the German people and the disruption of the German nation. That is the position of enlightened opinion everywhere; emphatically it is the predominant judgment of the American people. Just how much we might have done to influence the victors to adopt this course may be debatable, but the fact remains that we chose to do nothing. And though no outsider may tell us that, in withdrawing from Europe, we missed an opportunity and shirked a duty when we applaud and honor the proposal that Europe shall follow the path of light and reason which we all approve we are acknowledging our own sin of omission.

Mr. Lloyd George is preaching for Europe a gospel which the United States by its own practice has proved to be the true governmental faith. If there is to be enduring peace among the nations of Europe the foundation of justice must first be laid. That is the message which our guest of today has brought to America. We are responding to it sentimentally. Let us hope we shall respond to it practically before it is too late.

Golden Wedding

On Friday Oct. 19, with about fifty relatives and friends present, Mr. and Mrs. J. W. Kennedy of Parnell, celebrated their golden wedding anniversary.

When the hour arrived for the marriage ceremony, it was suggested that the service be performed in the auditorium of the new Methodist Church which is now under construction and located across the street from Mr. and Mrs. Kennedy's beautiful home. All agreed that the church was the proper place for the marriage service and that by nature of their relation to their church they should be the first couple to so honor it. So with the bridal couple and best man and lady leading the procession all marched to the church where, after the carpenters were asked to silence their saws and hammers, they were again united in holy matrimony by their pastor, the Rev. G. E. DeWitt.

A bountiful dinner was served, covers being laid for all present. After dinner a program of unusual interest consisting of music, readings and talks by Mr. Kennedy and others present was enjoyed by all.

Mr. and Mrs. Kennedy were born near Maryville, Mo., and have lived in Nodaway County all their lives. They are well known throughout this part of the county and are highly respected by both young and old. Mr. Kennedy is President of the Citizens Bank in Parnell.

CHANGE OF LIFE LOSES TERRORS

For Women Who Rely upon Lydia E. Pinkham's Vegetable Compound

Greenville, Pa.—"I took your medicine through the Change of Life and it did wonders for me. I was down in bed when I started to take it and weighed 95 pounds. I had hot flashes and was so nervous and weak that everything would get black and I could not see. I would sit and cry and did not know what I was crying for. Since I have been taking Lydia E. Pinkham's Vegetable Compound I feel younger than I did ten years ago, and my friends all tell me I look younger, and I owe it all to the Vegetable Compound. I do all my housework for a family of seven now. I will be glad to answer any woman who writes me in regard to my case."—Mrs. JOHN MYERS, 55 Union St., Greenville, Pa.

Many letters similar to this have been published testifying to the merit of Lydia E. Pinkham's Vegetable Compound. They are sincere expressions from women who describe as best they can their feelings before and after taking this well-known medicine.

Many times they state in their letters their willingness to answer women who write them. It is an offer dictated by gratitude and a desire to help others.

Largest Week-End Crowd at Tabernacle

Ravenwood Has Largest Community Attendance With Fifty-Seven Present—Music Creating Interest

The largest week night audience of the whole meeting attended the tabernacle meeting last night. It was special delegation night for the Ravenwood, Guilford and Arkoe communities and all of them had delegations in. The Ravenwood church had the largest number with fifty-seven people in their crowd.

Evangelist O. E. Hamilton delivered a forceful sermon using the ten commandments of the Old Testament as the basis of the sermon. These beginning days are being used by the evangelists as preparatory days and the sermons are intended mainly for the church members. Arthur Hamilton's solos are an attrative and impressive feature of every service. Special numbers are rendered most every night by the large chorus, and the orchestra is rendering valuable aid. The music committee is anxious that all the communities represented in the services, furnish as many for the orchestra and choir as possible. Anyone in the county is invited to have part in this special way in the nightly programs.

Tonight is special delegation night for Hopkins, Pickering, Gaynor and Bedison communities. There has developed considerable rivalry between Burlington Junction and Hopkins, and Hopkins has sent word that they would have 200 in their crowd tonight. Burlington Junction had 113 in their delegation last Tuesday night. The Pickering high school promises to be in their delegation tonight, and it is expected that the attendance tonight will be the biggest yet.

The services begin promptly at 7:30 o'clock each evening and all are urged to be on time, that they may have part in the musical program. L. C. Montgomery, a member of the evangelistic party is at Hopkins and Pickering today, lining up the delegations for tonight. Richard Stewart the other field man is working on the special delegations for tomorrow night in the southwest corner of the county.

New Method Heals Rupture

Kansas City Doctor's Discovery Makes Truss or Operation Unnecessary

Kansas City, Mo.—(Special)—A new discovery which, experts agree, has no equal for curative effects in all rupture cases, is the latest accomplishment of Dr. Andrews, the well known Hernia specialist of this city. The extraordinary success of this new method proves that it holds and heals a rupture. It weighs only a few ounces. Has no hard gouging pads, no elastic belt, no leg straps, no steel bands, and is as comfortable as a light garment. It has enabled hundreds of persons to throw away trusses and declare their rupture absolutely healed. Many of these had serious double ruptures, from which they had suffered for years. It is Dr Andrews' ambition to have every ruptured person enjoy the quick relief, comfort and healing power of his discovery, and he will send it on free trial to any reader of the Democrat-Forum who writes him at his office 4331 Koch Bldg., Kansas City, Mo. He wants one person in each neighborhood to whom he can refer. If you wish to be rid of rupture for good, without an operation, take advantage of the doctor's free offer. Write him today.—Adv.

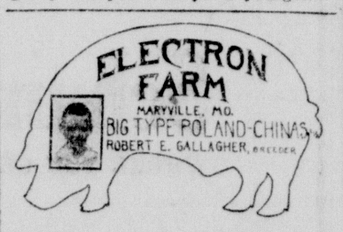
AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is mussy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.



A choice lot of 250 to 275 lb boars and gilts for a short time at $25 each.

Help Prevent Fires

Democrat-Forum,
Maryville, Missouri
Dear Sir:

Through your paper I take the liberty of advising all householders to examine their flues or chimneys. See that there is no cracks or defects. Have them swabbed thoroughly, also sweep the valleys clear of leaves and other trash. By so doing I believe the fire risk will be lessened greatly.

Yours truly,
J. L. Hepburn.

El Godsey Tells This One

(Hopkins Journal)

El Godsey, the south side farmer, reports a queer accident on his farm during one of the windy days last week. He came in from the field with a load of clover hay and left it standing near the barn while he went in to dinner. While he was satisfying his appetite, a whirlwind formed, struck the load of hay and carried it into the barn without damaging anything, depositing the hay nicer, El says, than if it had been handled in the usual way.

This yarn deserves a place beside other immortal whoppers.

Wasn't it Bill Nye who contributed one when he related that while riding home on his orphan mule Boomerang, bearing a jug of pre-Volstead vintage, there came up a wind so strong that it blew the jug inside out, and then, suddenly reversing itself, blew the jug right again, without wasting any of its contents.

OH! MY BACK

The Expression of Many a Kidney Sufferer in Maryville

A stubborn backache is cause to suspect kidney trouble, when the kidneys are inflamed and swollen, stooping brings a sharp twinge in the small of the back, that almost takes the breath away. Doan's Kidney Pills revive sluggish kidneys—relieve aching backs. Here's Maryville proof:

Mrs. J. W. Armstrong, 615 East Second street, says: "Doan's Kidney Pills have been a household medicine in my family for years. My back and kidneys were in bad shape and sharp, shooting pains often caught me in the small of my back and always left my back in a weak condition. My kidneys were irregular in action and I suffered dreadfully until I started to use Doan's Kidney Pills. A few boxes of Doan's brought me great relief. I am glad to recommend Doan's.

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Armstrong had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Operation Avoided

Elkhart, Kan.—"About two years ago I began to suffer so with pain and soreness in both sides, (especially my right side,) that I was almost unable to do any housework. I was also very nervous. Doctors advised an operation, but this I wished to avoid if possible, so I wrote to Dr. Pierce's Invalids' Hotel, describing my condition, and was advised to take Dr. Pierce's Favorite Prescription and Irontic Tablets, and before I had finished one bottle of each I was feeling much better. I took seven bottles of the 'Prescription' and two of the 'Irontic Tablets' and weighed more and felt better than I had for some time. There is no doubt about it, Dr. Pierce's medicines cured me, for I took no other."—Mrs. W. E. Dean, Route B.

Your health is your most important asset. Why not write Dr. Pierce, Pres. Invalids' Hotel, Buffalo, N. Y., and receive confidential medical advice free.

Child-birth

WHEN the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has showd the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa. says: "With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used 'Mother's Friend' and had only a nurse; we had no time to get a Doctor because I wasn't very sick—only about ten or fifteen minutes." Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradfield Regulator Co., BA-75, Atlanta, Ga., for a free illustrated book containing information every expectant mother should have. "Mother's Friend" is sold by all drug stores—everywhere.

Comments About Comfort in

BETTER FALL SUITS

You hear a great deal about style—perhaps not enough about comfort in Clothes. There's good style a-plenty in these new Fall Suits and fine tailoring and fabrics—but there is also the master designing to make them so comfortably pleasant to wear.

Sleeves set in at the right angle for free arm movement; collars hug the neck; coat drapes easily, gracefully from the shoulders. These are the little things born only of broad clothes-making experience and indeed unusual at

$20. to $50.

Moreover, to obtain this comfort you are not limited in the choice of styles, for all are based upon the same designing skill. You may have all the new models in the newest patterns and fabrics for fall and here is the happy combination of COMFORT and STYLE.
